CHRISTMAS ORDERS

Christmas Wreaths are now available for pre-order, because maybe today is too soon to get festive.

DEADLINES

Order Deadline: 14th December - Subject to availability

Final Delivery Date: 20th December 2026

Final Collection Date: 22nd December 2026

DEPOSITS & PAYMENT

A 50% deposit is required when pre-ordering with the remaining balance due on collection or prior to delivery.

DELIVERY & COLLECTION

Local delivery can be arranged for an additional £2.50. Delivery times cannot be selected, sorry, but I will do my best to accomodate you! Collection is from L8 after 7pm weeknights or between 10am - 2pm weekends.

Speak to me about alternative collection arrangements.

CANCELLATION

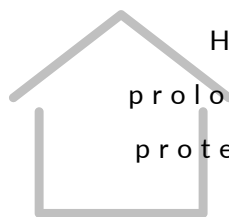

If you need to cancel your order please get in contact with Pryme Wreaths as soon as possible.

A Cancellation and Refund Policy is available.

CARE INSTRUCTIONS

01. FIND ITS PLACE

Hang your wreath somewhere cool and sheltered, avoid prolonged direct sunlight, radiators, and other heat sources. A protected outdoor porch is ideal, but your wreath will survive a few weeks in the wild.

02. KEEP IT FRESH

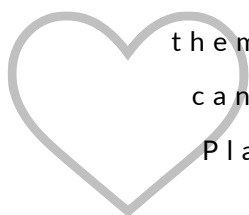

Hang your wreath somewhere cool and sheltered, avoid prolonged direct sunlight, radiators, and other heat sources. A protected outdoor porch is ideal, but your wreath will survive a few weeks in the wild.

03. LET NATURE DO ITS THING

Foliage may change colour, shed a little, or become more delicate as it dries. This is part of the character of a natural wreath. Avoid strong winds and heavy rain where possible and handle gently.

04. AFTER THE SEASON

Remove any decorations you wish to keep, like bows, and store them carefully. Wire Bases are recyclable. All fresh foliage can be dried, composted, or disposed of in the green bin. Plastic elements are largely recyclable but double check locally.
